

## **OFFICERS REPORT**

Date: 06-19-2016  
Subject: Officer Safety

On 06-19-2016 at 0010 hours, while on routine patrol I observed two subjects running South bound in the 200 BLK of West B street Ellinwood, KS 67526. I responded to the area and located the two subjects later identified as DAVID MADDEN WM DOB 10-31-1981, and RYAN HAMBY WM DOB 11-14-1987 on the front porch of 209 West B street (MOLLY STAUDINGER residence).

As I parked my patrol unit, I observed MADDEN enter the front door of the residence briefly, then stepped back out on to the porch. While MADDEN was standing on the porch I observed the outline of a pistol concealed under his shirt. I removed a Charles Daily 1911 .45 caliber pistol from the front waist band of MADDEN'S pants.

MADDEN claimed he always carries the pistol on his person, and denied it was them running in the area. It is my belief MADDEN stepped into the residence to arm himself, not knowing if I was going to try and arrest him or not. The firearm and both subjects were checked, all returned signal 30. The area was checked, and nothing suspicious was found.

It should be noted MADDEN is a person of interest in the disappearance of MEGAN FOGLESONG WF22 out of Rice County, who went missing in late November – early December 2015.

It is my concern MADDEN is paranoid, and possibly preparing himself for a confrontation with LEO if he is charged in the disappearance. MADDEN'S KS driver's license is revoked, however he is known to drive a white 2004 Pontiac Grand Am (KS tag 284AGQ) and had also been seen in a red Monte Carlo (KS tag 481FTN).

Please pass this information on to your officers to use extreme caution if they have contact with MADDEN. MADDEN could see any routine traffic stop as an attempt to make an arrest on the disappearance.
